## Sponsored Training Tops bring warmth to U16's

Community Windpower Ltd is delighted to have sponsored the Camelford Under 16's Football Team for the 2009-10 season. The £500 sponsorship has been wisely spent on training tops for the team to keep the players warm through the winter months.

The training tops will be used by the players during this season and for seasons to come as they are passed down to the future Under 16's players.

Pictured below is the U16 team with Camelford Football Club officials and representatives of BeGreen Camelford on behalf of Community Windpower Ltd.
